REDWOOD SHOREHOME STATISTICS

Juliana’s team has prepared Redwood Shores real estate statistics covering more than 10 year which you will NOT find on MLS Listings. NOTHING COMPARABLE ELSEWHERE!

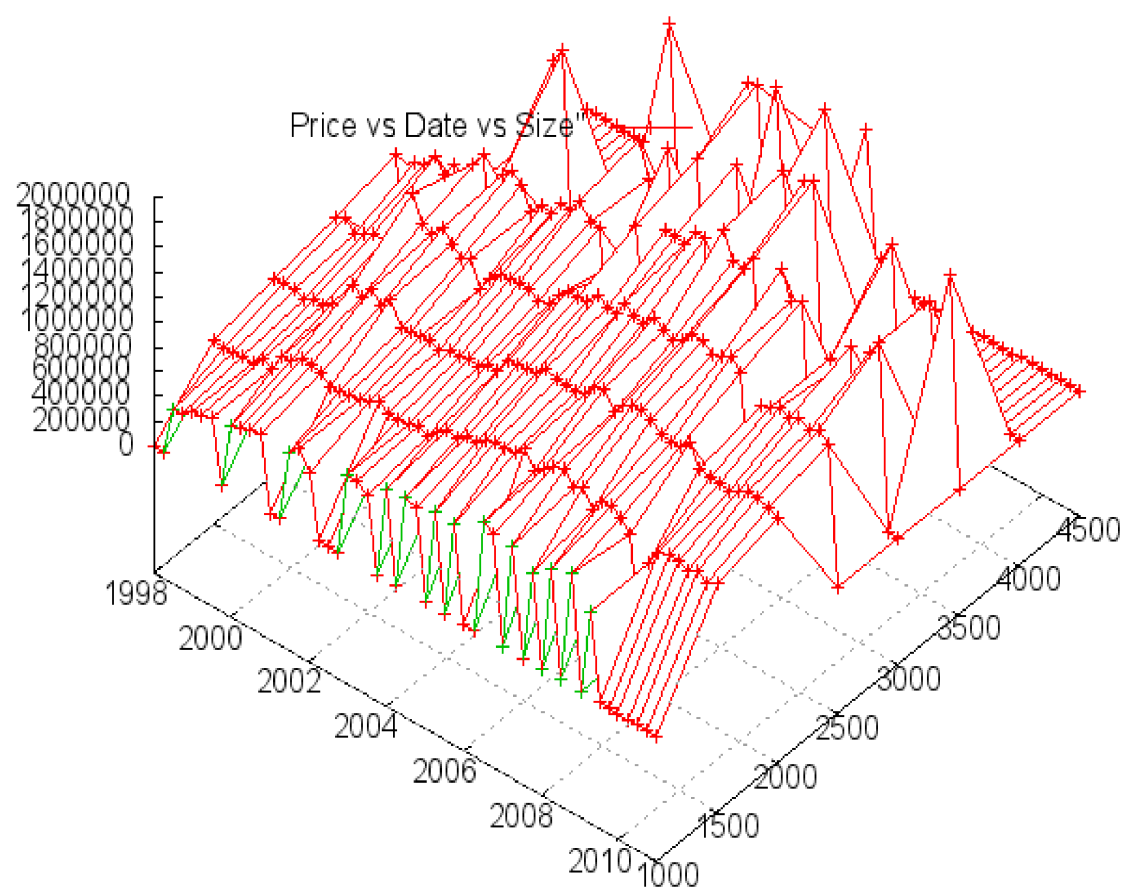

Single Family Homes Sales Prices

TOP: Updated Jun 2012. The average and median home prices and the number of home sales plotted by quarter since 1998.

BOTTOM: As expected the price of a house increases with the size of the house, but of course a very small house is still worth a lot of money because of the value of the land. Notice that the lines are almost straight and tilt up as you look at larger homes sizes. For the largest homes the average is calculated from very few sales and shows a lot of random change.

WHAT MY PREVIOUS CLIENTS SAY:

“She is energetic, experienced and one of most connected realtors. If you are considering buying in Palo alto and want to avoid the frustration and anxiety associated with multiple bidding process, Juliana is definitely the one to go with. Unlike many other power realtors on the Peninsula, Juliana provides much more value than getting you the deal, she also takes a long term approach in building partnership with her clients. Before we moved in, she and her team helped us with city planning consultation on remodeling.”

“Juliana like Sherlock Holmes, found vague clues which indicated that there was another home unlisted, waiting to be sold.”

“Two years ago we bought a second home, again using Juliana’s help. Even though this was our second home in Palo Alto, Juliana gave us good advice on things we didn’t even think of. She encouraged us to be patient so we would get what was best for us. She cared more about our benefits than her own pay and kept us informed about all of the details. Juliana got us a great price. The seller accepted our offer even though it was not the highest offer.”

“We are now about to close on a house in downtown Palo Alto which we never thought we could have bought. I think a huge part of us getting it was Juliana’s strategy and that people preferred to work with her.”
