251 HONEY LOCUST TER | **SUNNYVALE**

A delightful split-level main story provides the spacious ambiance of an open floor plan but provides separation between the lower-level family room and the upper-level living room, dining room, and kitchen. The spacious family room is filled with light from two large towering windows and has the inviting warmth of a gas fireplace. The three bedrooms and two baths are located on the second story away from the activities on the main level.

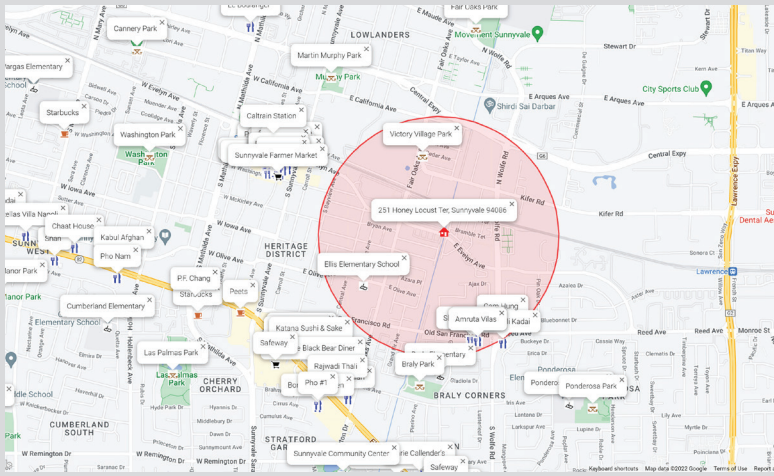

The kitchen features modern stainless steel appliances, beautiful stained-wood cabinets, polished stone counter tops, wood floor, and recessed lighting. The adjacent open dining room, which also has wood floors and recessed lighting, is filled with natural light from windows on two sides and is partially open to the adjacent living room.
