Beautiful And Spacious 4 Bedroom House

The high vaulted ceiling and wide passageways create a delightful open feeling yet the floor plan simultaneously creates partial privacy. With both a living room and a family room, you can choose whether to get together in a more formal setting or in an informal setting open to the kitchen. The modern kitchen has beautiful golden stained wood cabinets and dark polished stone countertops. Overhead lights, multiple windows, and a sliding glass door fill the kitchen with light. A large patio is just outside through the sliding glass door. All four bedrooms are on the upper floor for privacy.
