This spacious 4 bedroom home is located up a short private driveway on a hillside and has panoramic views of the San Francisco Bay below. The wide open tranquility provided by its location make this home a paradise. The view includes the Dumbarton Bridge, the San Mateo Bridge, the Bay Bridge, and even the Golden Gate Bridge. With ample undeveloped land, parks, and hillsides nearby, deer are regularly seen.

A marble floored foyer welcomes guests into the home. Entertaining and meetings are made easy with a formal living room, a formal dining room, and a marble floored office. The spacious kitchen features a top of the line Viking gas range, chef's oven, and granite slab countertops. A large redwood deck, with views of the SF Bay enables delightful outdoor meals and relaxing. The backyard also has multiple fruit bearing trees.

In addition to the bedrooms upstairs, there is a loft library. The spacious primary bathroom has marble floors, a soaking tub (with a great view of the SF
